

Runway/Taxiway Closure Marker X

5' x 30' (Taxiway) or 10' x 60' (Runway)

Features

- One of the lightest, brightest and most durable tarps available
- Made of yellow poly tarp
- Plastic grommets every 3 feet for stakes or attachment to sandbags.
- 3.3 ounces per square yard
- 10x10 fabric weave count
- Waterproof and mildew proof
- 7-8 mil thickness made of polyethylene
- Tear and acid resistant
- Hems are reinforced with poly twine
- Finished size approximately 6" or 3% to 5% smaller

Note: The FAA does not approve products, but this falls within current FAA guidelines for a daytime closure of a taxiway/runway. The 5' x 30' is needed for taxiways, the 10' x 60' is needed for runways.
