

# EARTH FLEX™

## FLEXIBLE GROUND MOUNT DELINEATOR SYSTEM

### TD5500 MODEL

CalTrans Approved Class 1 Driveable Delineator

#### FEATURES:

- The most flexible, durable, impact resistant marker designed to withstand multiple impacts and return to its upright position.
- Earthflex is designed to be impacted from any direction. All 360 degrees!
- Soil Anchor options: 2" perforated square steel post or 2.5" OD galvanized round steel with open or closed end styles.
- Non-mechanical design: No steel belt, no bungee cord or any moving parts.
- Easy post replacement to minimize worker exposure in the work zone.
- 100% Post-Consumer Recycled Materials.
