

Model 2006

Features

- Our all-new line of Type A, C and 3-way, 3volt high efficiency lights.
- Features completely redesigned rugged and durable co-polymer case with breakaway internal candle.
- Servicing is made easy with a snap-lock case and vertically positioned batteries.
- The “D” cell batteries simply drop into to the light base and the case is ready to be snap-lock closed.

- The case will remain closed and secure during the rough handling normally encountered during transportation and service work.
- The impact absorbing breakaway candle reduces internal damage.
- Bright and dependable LED's coupled with power efficient, reliable moisture proof circuitry, provide trouble-free operation.
- Light may be operated using 2 or 4 “D” cell batteries.
- Type A and C lights comply with current ITE purchase specification referenced in the Federal MUTCD.

Note: Solar-Assist optional. Solar panel ‘trickle charges’ d cell batteries
