

WORKS BARRICADE

WOOD PANELS WITH GALVANIZED LEGS

TD2300 MODEL

NCHRP350 CRASH TEST CERTIFIED
AND MEETS MUTCD STANDARDS

FEATURES:

- Type I and Type II can be purchased as assembled units or component parts. Legs and boards can be purchased separately. All barricade components are completely interchangeable.
- Legs are standard 45" length manufactured using galvanized steel in 12 and 14 gauge thickness.
- Barricades are assembled utilizing 1/4" x 1" galvanized carriage bolts with high bend milspec split lock washers and nuts and are hinged with two 1/2-13 X 1" hex bolts and 1/2-13 nylon locknuts.
- Hinge holes accommodate 1/2" warning light mounting bolts.

COLORS AVAILABLE:

The TD2300 Works Barricades are currently available in White. We can manufacture this product to your desired color.

GENERAL INFORMATION:

General information is listed on the reverse side. The measurements provided are intended only as a source of information. They are given without guarantee and are not classified as a warranty. A specification will be sent to you upon request.

- NCHRP350 Approved: WZ-54.
- MUTCD Compliant.
